COVERED MOORING FOR RENT IN THE HEART OF SNEEK

Price Price on request

In the center of Sneek. In a covered, insulated water hall, accessible via a remote-controlled roller door. The clearance height is 4.5 m.

ENQUIRE ABOUT AVAILABLE MOORINGS! There are currently NO berths available. Would you like to be added to the waiting list? Please let us know.

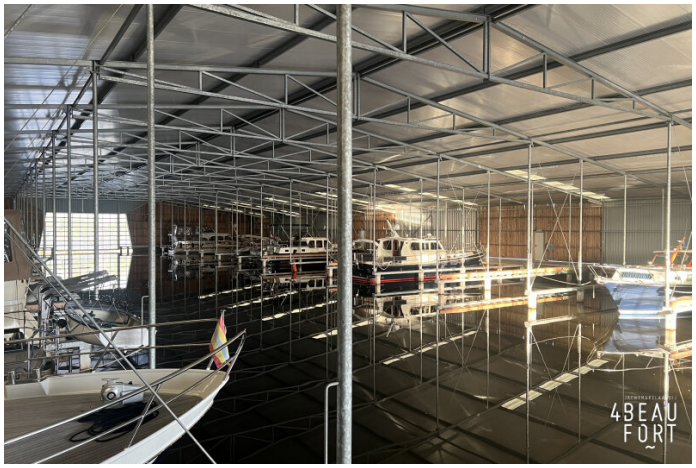

This boathouse complex is located in the center of the Frisian lakes and within walking distance of the center of Sneek. The moorings have a central entrance, allowing you to sail to your covered mooring dry and without being affected by the wind. The berths with central access have a jetty on one side along the entire length of the box, their own power connection with electricity meter, and a water point on the jetty. These boxes are 13.60 m and 14.60 m long and 4.90 m wide. (Boats may not protrude beyond the box). After November 1 and until April 1, it is not possible to leave these berths, as during this period the "middle path" is used for winter storage. There are

also a limited number of berths with their own entrance; these boxes are 15.60 m long and 4.90 m wide, have a jetty on one side along the entire length of the box, their own power connection with electricity meter, and a water point.

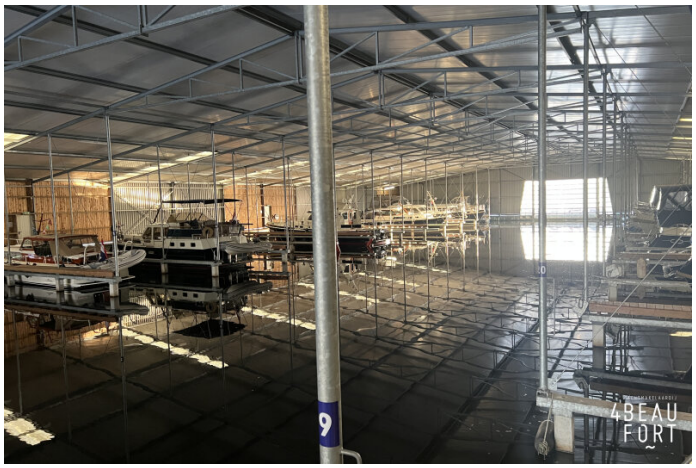

Your boat is protected from all adverse weather conditions, which significantly extends the life of the paint system. Winter storage on shore or in a hall is no longer necessary, which means that the costs incurred are recouped. What's more, you can step into a clean boat on arrival and enjoy the water straight away. There are parking spaces for your car on site, and berth holders can use the sanitary facilities.

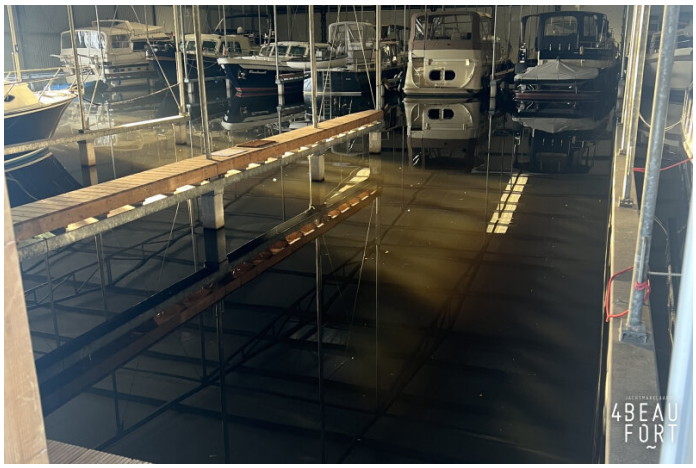

If you would like to know more about availability, we will be happy to help you.
