Aquador 23 HT

A unique combination of Scandinavian design and know-how. Built with materials of the highest quality and safety is a key issue. Deep V-hull and low center of gravity offer exceptional stability on the water and sea conditions.

The 23 HT is more than a weekender. A smart family boat with good storage, five berths, separate toilet facilities with septic tank. There is also a heating, ventilated galley with refrigerator and sink, allowing for longer stays in the boat without compromising comfort.

The Aquador 23 HT is perfectly suited for the Dutch climate and allows for longer seasonal use. The open stern and the large windows provide a beautiful light and a great view. The hardtop is equipped with 2 large sliding hatches and a cockpit tent at the rear for total coverage. The beautiful rear bench offers plenty of shelter and easily converts to a double berth or cool sun bed.
