

AQUANAUT ANDANTE 380 OC

~ Year built	2017	~ Material	Steel
~ Length	11.65 meter	~ No. of cabins	2
~ Width	3.48 meter	~ No. of beds	4
~ Draft	1.15 meter	~ Motorization	1x Volvo Penta D3-150 150 pk (Inboard)
~ Vertical clearance	2.70 meter	~ Price	€ 349,000,- (TAX paid)
~ Reference	4B371	~ Berth	Sales marina 4Beaufort Sneek

GENERAL INFORMATION

Type	Motor yacht	Weight	12,000 kg
Yard	Aquanaut Sneek	Hullshape	Multi chine
CE certification	C		

TECHNICAL EQUIPMENT

Running hours	1130	Steering	Hydraulic
Number of engines	1	Stabilizers	No
Drive	Fixed propeller shaft	Fuel tank	Steel
Cooling	Intercooling	Drinkwater tank	Stainless steel
Gearbox	Hurth	Holding tank	Stainless steel
Engine control	Morse	Total fuel tanks capacity	500 liter
Propeller	4-blade + rope cutter	Total water tanks capacity	500 liter
Shaft lubrication	Water-lubricated	Total gray water tanks capacity	150 liter
Total black water tanks capacity	150 liter		
Thruster	Yes, electric Vetus 75 kgf + remote		
Stern	Yes, electric Vetus 75 kgf + remote		

ELECTRIC EQUIPMENT

Tension	24V / 220V	Isolation transformer	Yes, WhisperPower WPGI-4000
Alternator	2nd Dynamo 24/110	Generator	No
Battery charger	Yes, WhisperPower Powercube 24/150 + separate charger for starting		
Converter	Yes, WhisperPower Powercube 24/7000		

ACCOMMODATION

Panelling interior	Egger Cherries Romana	Lighting	LED
Upholstery	Alcantara	Boiler	Yes, Isotemp 40 L.
Heating	Yes, Webasto Ev0 55 (2025)	Lavatory	Yes, electric
Insulation	Standard 3 mm cork behind the paneling		
Cooker	Yes, 2-zone Induction Caso Master E2		

NAVIGATION

Depth sounder	Yes, Raymarine DST800	VHF Radio	No
Radar	No		
GPS	Yes, Raymarine GS125 + interface Volvo-Penta		

Aquanaut Andante 380 OC

This strikingly modern steel motor yacht has a multi-chine hull, steep bow, and futuristic superstructure; the metallic hazelnut-colored hull gives the ship a very neat and high-quality appearance. In the saloon, curved front windows provide plenty of light and a beautiful view; the windows in the saloon are double-glazed with a thermal break and a bronze tint. The decks are fitted with Flexiteak and there is a deck washing system near the electric anchor, while extensive stainless steel finishes give the exterior a durable and luxurious look.

The Aquanaut Andante series is designed for smooth and comfortable sailing: the razor-sharp bow takes in little water and the hull minimizes wave formation, which fully lives up to the name Andante — "going slowly." Electric bow and stern thrusters facilitate maneuvering, and the low clearance height combined with modern lines still retains a traditional ship feel. Thanks to the large windows, the interior has a panoramic view of the water and plenty of natural light, contributing to an open and pleasant atmosphere on board.

This specific model has a steel hull and measures 11.65 m in length, 3.50 m in width, and has a draft of 1.10 m; it is a two-cabin motor yacht. The owner's cabin with a freestanding bed is located in the bow, next to a separate toilet room with an electric toilet and sink and a bathroom with a shower. The midship guest cabin is accessible via the bathroom and features a seating area and a spacious double bed.

In the saloon, the helm station is equipped with Raymarine autopilot and a Raymarine GS125, which also displays the Volvo engine interface. Next to the helm station is a cozy lounge sofa. The galley, located amidships, is equipped with a 2-zone induction hob, combination microwave, and a natural stone worktop. At the rear of the saloon is an L-shaped lounge with a built-in TV. Three folding doors seamlessly connect the saloon to the open cockpit, where there is an L-shaped bench with storage space and a large hatch providing access to a spacious "cellar" under the cockpit. A door in the transom leads to the swimming platform.

The technical equipment is neatly built into the floor of the saloon and includes a Volvo Penta D3-150 and WhisperPower equipment, such as an isolation transformer, battery charger, and a 7000 W inverter. The power supply consists of 12 2V gel batteries, which ensure reliable energy on board. The Aquanaut Andante 380 OC is in very good condition, has a Lake Constance permit, has recently had engine maintenance, and is therefore ready for new adventures.
