Aquanaut Drifter 1050 AK

Welcome aboard the Aquanaut Drifter 1050 AK!

This beautifully maintained yacht is a model of thoughtful space and practical elegance. As soon as you enter through the spacious aft entrance, you immediately notice how generously laid out the interior is for a 10.65-meter motor cruiser. On the starboard side you will enjoy a comfortable sofa in the saloon, while on the port side, thanks to the absence of an inside steering position, there is plenty of built-in cupboard space. In the bow you will find a cozy guest cabin with a spacious V-bed, an inviting galley and a cozy dinette.

The stern completes the picture with a generous toilet room to port and a separate large bathroom with shower and sink to starboard. Here you will also find the owner's cabin, where two spacious single beds of 200 x 90 cm are positioned in such a way that there is a large closet next to the mirror and plenty of room to move around. This clever and practical layout guarantees ultimate comfort, both during short day trips and longer adventures on inland waterways and along the coast.

The Drifter's engine compartment houses a powerful 100 hp Yanmar diesel engine. Together with the bow and stern thrusters, this engine ensures optimal maneuverability, making every boating experience a carefree combination of speed and precision.

In short, this lovingly maintained Aquanaut Drifter 1050 AK is completely ready to set sail and bring your next maritime adventure to life!
