<b>VHF Radio</b>	Yes, Shipmate RS8300	<b>Radar</b>	No

## Aquanaut Drifter 1050 AK

The Aquanaut Drifter 1050 AK stands out for its spacious and practical layout, especially for a motor yacht of this length; the wide gangways with high, sturdy railings and the generous stern immediately convey a sense of comfort and safety.

Upon entering from the aft deck, the generous interior space is immediately apparent. The salon features a comfortable sofa on the starboard side and storage space on the port side, along with the interior helm station. In the foredeck is a lockable guest cabin with a V-berth that can be converted into a very spacious bed using a filler panel. The galley is located in the foredeck on the port side, opposite the dinette on the starboard side, which also offers additional sleeping accommodations. In the stern, the bathroom with toilet, sink, and shower stall is on the port side, while the owner's cabin is situated on the starboard side, featuring a 205 x 140 cm bed and ample storage space under the bed.

The engine compartment houses a 106 hp Vetus-Deutz diesel engine; in combination with the bow thruster, this propulsion system ensures excellent maneuverability, making the Aquanaut Drifter ideally suited for beautiful trips on inland waterways and along the coast.
