Discover the Aquanaut Drifter 1100 OK "Pieterman"

Comfort, Style and Functionality on the Water!

Step aboard this fine motor yacht, which is slightly different in some details from Aquanaut's standard Drifter 1100 OKs.

In the front of the ship there is an attractive owner's cabin with a freestanding bed, accompanied by a fully equipped bathroom with electric toilet, sink and shower; Ideal for a comfortable overnight stay. Here you will also find the U-shaped galley, complete with refrigerator, sink, 4-burner gas stove and generous worktop, which invites you to prepare delicious meals.

The bright and spacious saloon, equipped with a large sliding roof (this is one of the details that distinguishes the Pieterman), tinted and double glazing, on the starboard side a cozy bench that also serves as an extra sleeping place and on the port side the steering system that is equipped with extensive navigation equipment and a spacious cupboard wall.

Through four patio doors you enter the spacious open cockpit, where there is a comfortable sofa with storage space and a handy cooling drawer. So you will find optimal storage options everywhere, both under the gangway and in the 'basement' of the cockpit.

The wide, teak-covered gangways make it possible to walk around the boat, also at the back of the boat. The robust stainless steel railing and handles on the saloon roof provide additional safety. Another detail that distinguishes the Pieterman are the rear bollards, which are placed in such a way that a mooring line can also be placed diagonally to the rear, without the line rubbing over the paint system.

The Pieterman is equipped with a powerful 100 hp Yanmar engine, bow and stern thruster and solar panels. All this makes this Drifter 1100 OK not only a feast for the eyes, but also very suitable for longer trips at home and abroad.

The Pieterman is with the owners in her home port where she can be viewed by appointment.
