Lavatory	Yes, electric		

NAVIGATION

Depth sounder

Yes, Raymarine ST40

GPS

Yes

VHF Radio

Yes

Radar

No

Aquanaut Drifter 1150 with a low clearance and an interior with extra headroom!

This multi-kink built Aquanaut Drifter was built in 2007 at the request of the current owners. For example, the lowest clearance of the Drifter is 2.45 m., the interior has been modified so that there is a headroom of 2.00 m in the bow and saloon and 1.95 m in the stern and the freestanding bed in the owner's cabin has a length of 2.05 m.

The owners have not given the Aquanaut Drifter 1150 the name "Aquahome" for nothing, it is their 2nd home on the water! "Aquahome" is really in a very good state of maintenance, both the exterior and the interior. Even under the "floors" you won't find any signs of use.

"Aquahome" has a guest cabin in the bow with a spacious V-bed, a dinette and the galley. In the saloon there is a comfortable sofa and there is plenty of cupboard and storage space. In the stern is a separate toilet room with sink and a separate shower room. The owner's cabin has a spacious freestanding bed and plenty of closet space.

The Aquanaut Drifter has a powerful Perkins 135 hp engine and bow thruster, 2x 140W solar panels for the service batteries and a separate solar panel for the starter battery. The deck is equipped with a Marine deck and the aft deck is very spacious. Because there are no fixed boxes placed on the aft deck, there is plenty of space to put your chair how you want it.

This CE-B certified Aquanaut Drifter "Aquahome" is truly ready to sail for new voyages on the European inland and open waters.
