Lavatory	Yes, electric		

NAVIGATION

Depth sounder	Yes, Raymarine ST40	GPS	Yes
VHF Radio	Yes	Radar	No

Aquanaut Drifter 1150 with a low clearance and an interior with extra headroom!

This multi-chine built Aquanaut Drifter was built in 2007 at the request of the first owner. The (low) vertical clearance of the Drifter is 2.45 m. The interior has been modified, so that there is a headroom of 2.00 m in the foreship and saloon and 1.95 m in the stern. The freestanding bed in the owner's cabin has a length of 2.05 m.

The first and current owners have maintained the ship in excellent condition both inside and out. Even under the floors there are no signs of wear.

"Otter" has a guest cabin in the bow with a spacious V-bed, a dinette and a galley. The saloon has a comfortable sofa and plenty of cupboard and storage space. In the stern you will find a separate toilet room with sink and a separate shower room. The owner's cabin has a spacious freestanding bed and plenty of closet space.

The Aquanaut Drifter is equipped with a powerful 135 hp Perkins engine and a bow thruster, 2 x 140 W solar panels for the service batteries and a separate solar panel for the starter battery. The deck is finished with Marinedeck and the aft deck is very spacious. Because there are no fixed boxes placed on the aft deck, there is plenty of space to set up your chair the way you want.

This CE-B certified Aquanaut Drifter "Otter" is truly ready to sail for new voyages across European inland and coastal waters.
