Upholstery	Fabric upholstery	Cooker	Yes
Heating	Yes, hot air	Lavatory	Yes

NAVIGATION

Depth sounder	Yes	GPS	No
VHF Radio	No	Radar	No

The NEW Aquanaut Drifter 350 OC

The sturdy appearance, the solid construction and the unprecedented comfort. The Drifter 350 OC 3.0 has all the features of its predecessors, the Drifter CS and the Privilege. Yet there is a big difference: the price range! With a brand new Drifter generation, Aquanaut ensures that the ultimate water sports dream comes within reach of a wider audience.

Meanwhile, the first Drifter 3.0 is launched, a 350 AC. Basically the same ship as the O~C version. The 3.5-metre wide and 1-metre draft model has an open cockpit and retains all the good qualities of previous Drifter generations: the quiet engine, the spacious and light interior and the sturdy lines. It is all still there. Just like the great advantage that the cockpit, saloon and galley are on one level.

Feel the space

The lowered crawl height (below 2.5 metres) is also unchanged. And again, this unique feature is not at the expense of headroom. Even better: compared to the Drifter CS and Privilege, the Drifter 3.0's shape is even more focused on the function. With the straight bow as a shining example. From the owner's cabin to the bathroom, you can feel the space everywhere. And that at only 11.15 metres in length.

Modern and contemporary

Smart choices have been made in terms of drive, equipment and panelling. But the Drifter 3.0 also radiates the high level of quality in everything. The third generation Drifter is once again a second home. On board the true enthusiast will experience the freedom to go wherever he wants on European waters.

This Aquanaut Drifter 350 OC Yacht "sails" in Aquanaut's Investment Program. Renting out your boat without worries!
