Aquanaut Drifter 950 OK

This Aquanaut Drifter 950 OK from 1998 is a sturdy motor yacht with a surprising amount of living space for her length of 9.65 meters. Thanks to the low vertical clearance of only 2.40 meters, this ship is ideal for beautiful trips on the inland waterways of the Netherlands and the rest of Europe.

In the front of the ship there is a spacious V-shaped seat, which can easily be converted into a comfortable double bed. In addition, you will find a practical L-shaped galley, equipped with a gas stove, refrigerator and sink. There is also a neat wet room with toilet and sink.

The spacious saloon has an inside steering position and a spacious sofa that can also serve as an extra double bed. The interior has beautiful mahogany paneling and a beautiful mahogany ship's parquet floor with white piping, which gives the ship a warm and well-kept appearance. Through the four patio doors you walk directly into the open cockpit, which provides a light and spacious connection between inside and outside.

In the open cockpit there is a practical storage space under the floor, ideal for storing extra items. In addition, the bench in the open cockpit is equipped with extra storage space. The bulwarks on both sides of the open cockpit are equipped with a removable entrance, making entering and leaving the cockpit extra easy.

It is also clearly visible on the outside that this Aquanaut has been built with care. The ship has numerous stainless steel details, including the bollards, the sturdy railing, the handrail on the saloon and the holders for pickhooks, brushes and gangway. The cable fender and the characteristic head iguana also give the ship an extra tough and classic look.

In short, a very well maintained and practical Aquanaut Drifter 950 OK. Equipped with a reliable 62 hp Yanmar diesel engine, which is housed in a sound-absorbing canopy, a bow thruster and everything needed for comfortable trips on lakes, rivers, canals and smaller waterways. An ideal vessel for water sports enthusiasts looking for ease of use, character and boating pleasure.
