Toilet type	Yes, 2x	**Freezer**	Yes
Heating + type	Yes, Kabola combi HR 400		

Aquanaut European Voyager 1300

A very good example of a by Aquanaut Sneek, custom built European Voyager, built for the current and first owner.

The Boomerang is ready for departure and whether this is for a weekend, vacation or a journey of several months, the journey can begin. Even for habitation the Boomerang is very suitable. Double glazing with thermal bridge, central heating, well insulated by PU foam and also the acoustics and sound insulation have been thought of.

A very complete boat with, among other things, hydraulic bow and stern thruster, anchor winch, mast and crane, generator, heavy inverter/charger, isolating transformer, extensive navigation equipment, double side door in wheelhouse, spacious galley with dishwasher, microwave, refrigerator and large L-shaped sofa with table but also a washer / dryer is not lacking.

If you are looking for a complete, spacious ship with 3 cabins and very manageable then a visit to the Boomerang is definitely worthwhile.
