Aquanaut Privilege 1150 AK, the most compact "Privilege" model with the appearance, luxury and class of her bigger sisters.

This ship is in perfect condition, and is very luxuriously finished with teak and stainless steel. The ship is in a boathouse (this rental berth is possibly to take over), is always perfectly maintained and has extensive equipment. A fantastic ship to discover European waterways (CE-B) with! The ship is easily accessible all around, has wide side decks and high stainless steel sea rail over the entire ship.

On the aft deck is an extremely comfortable L-shaped seating area with lots of storage space under the seats (suitable for folding bicycles). From the centrally positioned steering position, the ship is very surveyable. Through the semicircular staircase you can easily get from the aft deck to the spacious swimming platform (with shower). The stainless steel davits are arranged in such a way that if a dinghy is hanging in the davits, you can still walk on the swimming platform.

In the front of the ship is a round seating group and the galley. This has a 4-burner stove, microwave, large refrigerator and on both sides of the ship a worktop, one with sink. A few steps lead to the spacious saloon with a large sofa, wall units and TV. Steps lead down to the aft section of the boat which has a toilet with washbasin on the port side and a shower with a washing/drying combination on the SB side. The bright, spacious owner's cabin aft houses a comfortable, free-standing, double bed and plenty of closet space.

This Aquanaut Privilege 1150 AK is ready for departure!
