Aquanaut Unico 1000 FA

The Aquanaut Unico 1000 FA is an elegant and compact motor yacht with a classic yet sporty look, where smart design details and comfort go hand in hand. A unique feature is the dual helm station, allowing you to navigate from either inside or outside, depending on the weather and your personal preference. The outdoor helm station is also equipped with a lockable sprayhood, and the aft deck is partially covered by a bimini top, so you can still enjoy sitting outside even in less-than-ideal weather. A notable feature for a boat of this length is the semi-circular staircase leading to the swim platform—a pleasant and safe solution instead of descending a steep staircase to the swim platform.

On board, you'll find two comfortable bedrooms with double beds, two bathrooms—one of which has a separate shower—ensuring everyone enjoys plenty of privacy and convenience during the trip. The salon features a spacious U-shaped bench and tinted double-glazed windows; furthermore, the hull is insulated with rock wool from the waterline to the gunwale, and Tarec insulation has been applied behind the paneling in the superstructure.

Combined with the powerful Perkins engine with dry exhaust, you can cruise comfortably even in the colder seasons. The stern and bow thrusters ensure you can dock with ease. With its timeless appearance and well-thought-out layout, this Aquanaut Unico 1000 FA is an excellent choice for a relaxing and carefree boating vacation.
