Toilet type	21 Yes, electric (2016)	**Heating + type**	Yes, Webasto evo 55
Freezer	No, but freezer compartment in the refrigerator		

Babro 10.50

This remarkably neat Babro 1050 is a comfortable and spacious motor yacht that distinguishes itself by its excellent condition. Although the ship was built in 1987, the well-kept appearance suggests otherwise. With a length of 11.85 meters, this Babro offers plenty of living space on board and is excellent for longer holidays on the water. In addition, the ship was completely painted in 2023, giving it a fresh and well-groomed look and is immediately ready for new sailing adventures.

In 2016, a large part of the interior was renewed, which has resulted in an attractive and contemporary look. In the bow there is a separate guest cabin with a comfortable V-bed. Then you will find the practical galley, equipped with a 3-burner gas stove, refrigerator and sink. Opposite the galley is a cozy U-shaped dinette.

The saloon is spacious and has a comfortable L-shaped seating area, an inside steering position and plenty of storage space in the cupboards and bench. Thanks to the large windows, you can enjoy plenty of natural light. The warm teak interior in combination with the beautiful ship's parquet floor, which has been laid throughout almost the entire ship, creates a classic and attractive appearance.

In the stern is the owner's cabin with a comfortable double bed and ample closet space. In addition, you will find the bathroom here, equipped with a toilet, sink and shower, making a longer stay on board very comfortable.

The spacious aft deck offers plenty of seating and living space. A special plus is the large bimini, which extends from the windshield to the entire aft deck. This not only provides protection from the sun, but also provides a sheltered steering and seating area during a rain shower. Because the ship is not equipped with a sprayhood, you maintain a wonderfully open feeling on board, while still benefiting from the shelter of the spacious bimini.

Furthermore, this Babro is richly equipped with stainless steel details, including the railing, mast, davits, the stairs to the swimming platform and the robust protection plate on the stern. This protection plate provides extra protection for the anchor and the anchor chain during anchoring and at the same time underlines the solid finish of the ship.

The Volvo Penta diesel engine of 105 hp in combination with the bow thruster ensures pleasant sailing characteristics and easy manoeuvring, both on the road and in port.

In short, a very well-kept Babro 1050 with a beautiful interior, plenty of living space, a spacious aft deck and a well-kept state of maintenance. A comfortable motor yacht that is excellent for relaxing weekends and long holidays on canals, rivers and lakes.
