Depth sounder	Yes, Vetus Combi-3	GPS	No
VHF Radio	Yes, Icom IC M59	Radar	No

Barkas 1100 OK

The Barkas 1100 OK is a sturdy, stable and robust steel motor yacht with a characteristic lined design and a spacious open cockpit. This well-maintained motor yacht from 1998 offers a surprisingly spacious living space with its dimensions of 11.00 x 3.80 meters, both inside and outside. Thanks to the low vertical clearance of approximately 2.40 meters and a draught of only 90 centimeters, the ship has a particularly large sailing area.

There are two sleeping cabins on board. "In the bow you will find a comfortable cabin with a V-bed. Under the saloon is a spacious owner's cabin with a generous double bed of no less than 2.10 x 1.60 meters. Thanks to the excellent headroom next to the bed, this cabin offers a lot of comfort and freedom of movement. In the front is also the bathroom, equipped with an electric toilet, sink and shower.

The saloon is equipped with an inside steering position, a raised seating group with excellent all-round visibility and a practical galley. This has a 3-burner gas stove, sink and plenty of cupboard space. The tanks are located under the saloon floor, but there is also a lot of extra storage space available.

Through French doors you walk from the saloon ground floor into the spacious open cockpit. Because the cockpit is designed over the full width of the ship, a particularly spacious outdoor space is created. The U-shaped sofa offers plenty of seating comfort and also has practical storage space.

In short, the Barkas 1100 OK is a very attractive motor yacht that was completely painted in 2019. In addition, the ship has always been covered in a boathouse, so the paintwork is still in excellent condition and the boat still shines as if it came from the yacht painter yesterday. The ship is equipped with a 75 hp Yanmar engine, a bow thruster, a wired remote control for steering from the cockpit and a fully lockable cockpit tent of which all sides can be zipped out separately. This allows you to comfortably enjoy your time on board in almost all weather conditions.
