Boarcruiser 1000 S

A Boarcruiser 1000S built by Boarnstream IJnsum, where design and quality are at a high level.

In the bow you find a very spacious and homy roundsit, which easily can be rebuilt into a spacious double bed. At portside a large cabin with closet space and space where you can put for example a television. The L-shape galley is at the starboard side with a 4-burner gascooker, spacious refrigerator with freezer, microwave, sink of stainless steel and large workspace.

Via the staircase you enter the salon with the steeringposition and cabinets wall at the portside and at the starboardside you find the L-shape couch with storageroom.

The big windows in the salon and the open connection with the space in the bow, make that you get the feeling of a lot of space and light. Outside sunprotection makes that the salon feels lovely cool during hot summers.

Via a little staircase you enter the spacious owner's cabin with semi French bed, a lot of closet/storageroom and a toiletroom with electric toilet, storage furniture with sink and a shower.

A spacious afterdeck with steeringposition and bimini. Spacious gangways with high gunwales of stainless steel. A ship with wonderful navigationqualities, strong engine and thanks to the bow- and sternthruster very easy to manoeuvre.
