Heating	Yes, CV Webasto Thermo 90S	Lavatory	Yes, electric

NAVIGATION

Depth sounder	Yes, Echo-pilot	GPS	No
VHF Radio	Yes	Radar	Yes, Furuno GaAs

Bützfleth 41

The previous owner of the Bützfleth 41 "Meteor" was a lover/collector of wooden ships, either with wooden hulls or with polyester hulls. Then you can imagine that this Bützfleth 41 is in a very good and neat state of maintenance. He has owned this Bützfleth 41 for 30 years and has always stored it dry and maintained it with love.

The Bützfleth 41 is a twin-screw half-glider built in Germany at the Brauer-Buetzfleth GmbH & Co. KG shipyard. She is a true classic that has retained its originality and the high level of quality of the boat over the years, but is also equipped with sought-after features such as central heating and a generator.

This boat has wide walking spaces all over the deck, is equipped with a large aft deck with bench seats and through the centrally located door you enter the wheelhouse/saloon. Here is an L-shaped sofa and the centrally located steering gear and a cupboard wall. In the spacious front of the ship an L-shaped bench with table, the galley with 2-burner electric stove, refrigerator, plenty of storage space and a long worktop with space for a coffee machine, for example. Entirely in the bow is the guest cabin with spacious V-bed of 200 x 90 cm. At the back of the yacht is the entrance door to the engine room, a bathroom with electric toilet, sink and shower. The owner's cabin has 2 single beds with closet space in the middle.

This classic can be viewed on its own covered berth.
