A classic-lined spitsgatkotter with an elegant silhouette exudes timeless charm. In 2023, the superstructure was given a fresh coat of paint, and in 2024, the hull was also repainted. The deck is finished with Flexiteak, which adds warmth and character without requiring much maintenance. The gangways are fitted with stainless steel railings with attractive teak accents, while the ash wood mast can be easily lowered for low bridges.

Inside, the classic style continues in a warm and functional layout. The owner's cabin is located in the bow and features a V-bed that can easily be converted into one large bed thanks to an intermediate piece. Directly behind the cabin is the bathroom, practical and neatly finished with a sink, and toilet, making longer trips on board just as comfortable as staying ashore. The galley is spacious and easily accessible, and the dinette not only offers a cozy seating area but can also easily create extra sleeping space for guests.

The saloon features the interior steering position, next to an L-shaped sofa that offers excellent all-round visibility and maintains contact with the water and horizon. The sliding roof provides extra light and fresh air when desired. There is a steering position both inside and outside: inside with a steering wheel and in the open cockpit with a helm. The aft cabin has two comfortable single beds.

Thanks to the round bilge hull and thoughtful layout, this is a robust and seaworthy design, ideal for long trips and multi-day voyages on inland waters and along the coast. The whole forms a harmonious ship that allows for both short day trips and extended voyages in the Netherlands and beyond.
