Linssen 360 AC Luxe

This neat Linssen Grand Sturdy 360 AC Luxe is an excellently maintained and comfortable motor yacht, built with the quality, solidity and luxurious finish for which Linssen has been known for many years. Thanks to the well-thought-out layout, generous living spaces and excellent sailing characteristics, this ship is ideal for relaxed trips on the inland waterways, but also for longer stays on board.

In the bow there is a spacious and cozy round seat, where you can comfortably relax, read or enjoy a meal. This seating area can also be easily converted into an extra sleeping place for guests. Then you will find the practical galley, equipped with a refrigerator, sink, 4-burner gas stove and plenty of cupboard space for provisions and kitchen utensils. In addition, the ship has a spacious sanitary area with a shower cabin, electric toilet and sink, so that even a longer stay on board remains pleasant and comfortable.

Because this ship is equipped without an inside steering position, the saloon benefits from a remarkably spacious and open character. The large windows all around provide plenty of natural light and a pleasant view of the water. The salon is furnished with a comfortable L-shaped sofa and a practical cupboard wall, so that there is plenty of living and storage space.

From the saloon you walk via a few steps to the owner's cabin in the stern. Here you will find a spacious freestanding double bed with practical wardrobes and cupboards all around. This cabin offers great comfort, privacy and storage space, making the ship particularly suitable for longer trips and holidays on board.

The aft deck has a clear outside steering position and the steering position. The sprayhood and fully lockable rear tent ensure that you can sail comfortably even in less favorable weather conditions. In good weather, these can be easily opened, allowing you to make the most of the outdoors and the unobstructed views from the aft deck.

The gangways are equipped with a high railing and a low entry, making it easy to get on and off board.

This Linssen is in a neat state of maintenance and was fully painted in 2023, which contributes to the well-kept appearance of the ship.

In short, a very comfortable and well-maintained Linssen Grand Sturdy 360 AC Luxe, ready for new sailing adventures.
