"For those who sail with character"

There are yachts ... and there is the Linssen Classic Sturdy 35 AC. Built with the craftsmanship and elegance for which Linssen is renowned and solidity in every detail.

With its classic appearance, the Classic Sturdy 35 AC exudes timeless class, while its well-thought-out layout surprises you time and again. Two comfortable cabins offer four permanent berths, but with the spacious dinette – which can be converted into a double bed – there is room for six to spend a wonderful night. In the galley you will find everything you expect: a 3-burner stove, worktop, plenty of storage options and a refrigerator.

The salon exudes comfort and coziness, with a U-shaped leather seating area around the inside steering position—ideal for long evenings on board. In the stern, an owner's cabin with a double bed, and a functional bathroom: a separate shower room and toilet area with sink complete the picture. Furthermore, there is plenty of storage space in the 35 AC. The salon has tinted glass all around and a large glass (open) roof, which offers an abundance of natural light and a feeling of openness.

On the outside, attention is drawn to the safe stainless steel sea rail and the robust cablering placed around the Linssen Classic Sturdy 35 AC. It unites classic elegance with robust safety. A fully lockable tent has been placed over the spacious aft deck with outside steering position. A very thoughtful tent designed for ultimate flexibility, it can be opened on all sides and when you long for the warmth of the sun, you simply roll up the roof so you can enjoy every ray of sunshine.

The powerful Volvo Penta engine, combined with a bow and stern thruster, make maneuvering very easy. Whether you are navigating through narrow channels or setting course on open water, it ensures optimal maneuverability.
