This very neat "Proficat" cruiser 1160 GWL was completely painted in the spring of 2025. With a generous beam of 3.80 m, the interior offers exceptional space and comfort. The bow features a spacious round seating area that easily converts into an additional berth of 200 x 140 cm. To starboard is an L-shaped galley with a refrigerator and 4-burner gas stove, and to port, two large storage lockers. The saloon features a U-shaped settee opposite a practical wall of cabinets and is filled with plenty of light through the large tinted windows. Two sliding windows and a hinged window in the saloon provide ventilation. The aft section, with a standing height of 190 cm, houses a full bathroom with a sink, electric toilet, and a separate shower. The owner's cabin is surprisingly spacious with a 150 cm wide, angled freestanding bed and ample closet and storage space. The spacious engine room houses a powerful 128 hp Vetus diesel engine, all tanks, and a Telair Yamaha Energy generator, so you're not dependent on shore power. The aft deck features a midship helm station, wide gangways, and a sturdy stainless steel guardrail, guaranteeing safety and ample walking space.

In short: this Proficiat 1160 GWL combines generous interior space, a practical layout, powerful propulsion, and independent power supply, making it ready for carefree cruising right away.
