The Reline 41 SLX features modern lines and offers a high level of comfort combined with excellent handling. It is powered by a powerful 140 hp Vetus Deutz engine and is equipped with both bow and stern thrusters, making maneuvering effortless. The radar arch folds down easily, and with the windscreen fully lowered, the clearance height is just 2.75 meters, making many bridges and locks accessible.

The interior feels spacious and inviting and is tastefully finished in cherry wood with plenty of rounded shapes; the entire floor is covered in ship's parquet, which adds warmth and ambiance. In the foredeck, there is a guest cabin with a generous double bed, a cozy dinette, and a well-equipped galley with a spacious countertop, a 4-burner gas stove, a refrigerator with freezer compartment, a microwave, and a sink. The forward cabin also features an additional toilet, which enhances comfort for guests.

The salon features tinted glass with two sliding windows and blinds all around, a comfortable sofa, and, opposite the seating area, a wall of cabinets with a built-in television, making it a pleasant place to relax. At the stern of the boat are a separate toilet with a sink and washing machine, and the owner's cabin with a freestanding bed and plenty of storage space; there is room for both hanging and shelving units. The bathroom, featuring a shower and a spacious sink, is directly adjacent to the owner's cabin, offering extra privacy and comfort.

The headroom in the bow and the saloon is 199 cm, and 193 cm in the owner's cabin; the spacious aft deck features a fully enclosable awning, ideal for sheltered seating.
