GPS	Yes, Yacht Control / Navionics via an MSI i7 SSD laptop with a 15,6-inch screen

The Super Lauwersmeer Discovery 45 OC Exclusive Line is a luxurious, modern styled steel motor yacht that was delivered during the Hiswa in-water edition in 2016 and was commissioned in the spring of 2017. The vessel is CE-B certified and measures 13.75 m by 4.36 m with a draught of 1.20 m; The minimum clearance height is 3.40 m. Thanks to the central steering position and the integrated navigation and technical systems, sailing is both comfortable and clear.

The helm is equipped with YachtControl and Navionics and offers full monitoring via an i7 MSI SSD laptop, ensuring that all navigation and system information is up-to-date and readily available. Powered by a quiet and reliable 150 hp Weichai / DEUTZ-MWM 226B engine, the yacht delivers plenty of power without sacrificing comfort. Maneuvering is effortless thanks to a 170 kgf bow and stern thruster and a remote control for bow and stern thruster and the engine.

The interior is finished to a high standard with cherry wood and aluminum strip inlays, creating a warm and luxurious atmosphere. In the bow is the owner's cabin with a freestanding bed of 210 x 180 cm and a skylight in the ceiling with roof hatches. The toilet room has an electric toilet and a vanity unit with a granite worktop and two basins, while the spacious bathroom has a separate glass door to protect the woodwork.

The guest cabin is equipped with a double bed of 200 x 200 cm and its own wardrobe space, which offers guests a lot of comfort and privacy. Through a hallway and a few steps you reach the spacious saloon, under which is the electrical room and "cellar" for storage. In the saloon is the centrally placed steering position with a height-adjustable bench seat, which can be effortlessly integrated into the U-shaped seating area. Opposite the sitting area is a large cupboard wall with a TV lift and refrigerator.

The kitchen is centrally located between saloon and open cockpit and is equipped with a granite worktop and all necessary equipment for comfortable cooking on board. Through four large aluminum doors you enter the spacious open cockpit with a spacious round seating area, heating and which is equipped with a cockpit tent with removable or roll-up sides. The cockpit has removable and fixed ceiling panels with lighting, and from here you can walk straight onto the wide gangways finished with anthracite/black flexiteak with a gray piping.

Doors have been installed in the hull on the port and starboard side for easy access from the shore, and the yacht has a swimming platform for comfortable water access.

The Super Lauwersmeer Discovery 45 OC Exclusive Line is equipped at a level that allows comfortable sailing all year round and is ready for departure!

A new photo feature will be posted soon.
