NAVIGATION

Depth sounder	Yes, Autohelm	VHF Radio	Yes, Sailor
Radar	No		
GPS	Yes, Furano GPS + chartplotter Advansea		

Unique – a Valkvlet 1200 with campaign deck and open cockpit!

In the bow is the owner's cabin with spacious V-bed, bathroom with sink, shower and electric toilet, a the 2nd cabin with bunk beds. In the salon the inside steering position, lots of closet space, an L-shaped sofa with table, the entrance/exit to the upper deck and a large sliding roof. A small staircase takes you to the stern where the dinette and galley are located. Here is also the entrance/exit to the open cockpit.

The current owner has renewed a lot on the Valkvlet. For example, in 2009 the teak deck was renewed and a new kopleguaan placed and in 2015/2016 there is major maintenance done including the underwater hull sandblasted and epoxy treatment, the superstructure in 2 components sprayed, new stainless steel sea railing, stainless steel swim ladder and stainless steel swim platform, new plastic cable fender, complete wiring renewed, including meter box and all the lighting is in LED, etc. etc. But that's not all, in recent years the bow thruster, heating and a black water tank have been renewed and recently the drainage in the open cockpit + cockpit edge renewed and is now of stainless steel. In short, a unique model Valkvlet with many innovations!
