<b>Radar</b>	No		
<b>VHF Radio</b>	Yes, Shipmate RS8300 ATIS (new channels) + AIS Raymarine 700		

Valkvlet 1230 OK AK

Truly a picture is this Valkvlet 12.30 with open cockpit and aft cabin! Due to her length of 12.30 m, her authentic, robust lines stand out very well, making her an understated yet striking appearance on the water. This very well (professionally) maintained Valkvlet has a hefty list of modifications and improvements, even to this day the owner leaves nothing to chance.

In the foreship, among other things, is the owner's cabin with spacious V-bed which can be transformed into a king-size bed by means of a 'filler'. There is plenty of storage space under these beds. A spacious dinette; something you don't often come across in a Valkvlet. This is on the port side of the vlet and also offers extra berths. The L-shaped kitchen and bathroom with toilet, sink and shower is to starboard. In the saloon to starboard is a longitudinal settee , again extra berths, and a companion seat with a fridge below. On the port side is a wardrobe and the steering position. As you might expect, there is a large sliding hatch in the saloon and the 4 doors can be opened to create a large space between the saloon and open cockpit. The self-draining cockpit has 2 separate benches and a large hatch where the diesel tank and storage space can be found. Under the gangways in the open cockpit are several cupboards. The aft cabin has a single bed on both sides.

The Valkvlet 12.30 OK AK can be viewed in her boathouse by appointment.
